

ACCESSIBILITY STATEMENT

We are committed to making our website accessible so that it can be used by as many people as possible. However, we are working with limited resources and continue to learn, so we may not have put in place everything that you need and we welcome your suggestions.

We continue to take advice and make changes, for instance on the contrast on our site and to set everything out in a way which will be clearly read by screen readers. This is work in progress.

If you have any suggestions or notice any problems with our website, please let us know on info@screencraftworks.org and we will endeavour to remedy these as soon as possible.

If you would like to request any content in an accessible format, please email us on info@screencraftworks.org with details of the content you need and the format you need it in, and we will provide it to you as quickly as possible.
